MUHAMMAD UMER FAROOQ

Address: Flat no. 2, Block no. 9-C, P.H.A, Sector I-11, Islamabad.
Phone: 0331-9948773
Email: umerf1417@gmail.com

SUMMARY

Motivated and **detail-oriented Software Engineer** specializing in **backend development** with a strong foundation in **PHP, Laravel**, and **React** within **reactive programming environments**. Bringing over **one year of hands-on Laravel development experience**, including **six months** in a **collaborative industry setting**. Skilled in **MySQL database management** with a focus on **query optimization**, and experienced in designing, developing, and testing **RESTful APIs**. Known for enhancing frontend functionality using **JavaScript** and **jQuery**. A **fast learner** with strong **analytical thinking**, capable of quickly grasping new technologies and efficiently solving **complex logic problems**. A reliable **team contributor** with a **proactive mindset**, skilled in using **GitHub** for **version control** and **team collaboration**.

WORK EXPERIENCE

Laravel Developer, Jantrah Tech   June 2024 - Dec 2024

As a Junior Laravel Developer at Jantrah Tech, I contributed to the development and maintenance of various CRM systems, including logistics, dental, and property management solutions. My responsibilities involved backend development, database management, and API integration to ensure seamless application functionality.

- Developed and maintained Laravel-based CRM applications, ensuring high performance and scalability.
- Designed and implemented RESTful APIs for system integrations and efficient data exchange.
- Optimized MySQL database queries for faster and more efficient data retrieval.
- Integrated AJAX and jQuery to enhance user experience with dynamic content updates.
- Collaborated with cross-functional teams to gather requirements and implement solutions.
- Collaborated with cross-functional teams to gather requirements and implement solutions.
- Conducted unit testing and API testing using Postman to ensure system reliability.

Technologies and Tools:
- Laravel (Backend Development)
- MySQL (Database Optimization & Query Performance)
- RESTful APIs (Development & Integration) JavaScript, jQuery, AJAX (Frontend Enhancements)
- Git (Version Control & Code Management)
- Postman (API Testing & Debugging)

EDUCATION

Bachelor of Science in Software Enigneering   Aug 2021 - Aug 2025
Riphah International University.
- FYP: "COACH SELECTOR."
- Current CGPA: 3.1

ADDITIONAL INFORMATION

Technical Skills:
- Frontend Development: ReactJS, Tailwind CSS.
- API Integration: Axios, RESTful APIs.
- Backend Development: Laravel, MySQL, CRUD Operations.
- Authentication & Security: Laravel Auth, JWT, Breeze, Middleware.
- ORM & Database Management: Eloquent ORM, Model Relationships.
- Email Services: Sending Emails via Laravel (SMTP, Mailtrap, etc.)
- Payment Gateway: Integrate Payment Using Stripe.

Languages:
- English.
- Urdu.

Certifications:
- Front-End Web development HTML, CSS, JavaScript, Bootstrap & PHP.
